

JUVENT[®]
Health
BETTER EVERYDAY

**EASE JOINT PAIN
AND IMPROVE
BALANCE IN JUST
20 MINUTES A DAY**

*The Juvent[®] Micro-Impact
Platform[™] is a safe and
gentle solution to keep you
active and healthy*

Your body needs daily, healthy impact to maintain bone mass and healthy joints.

“The body constantly monitors the strain on bones caused by muscle action, and any substantial increase in these forces signals the need to build more bone.”

—The Surgeon General’s report on Bone Health and Osteoporosis

The JUVENT® Micro-Impact session uniquely stimulates your muscles and increases circulation throughout your body by utilizing Dynamic Motion Therapy™ (DMT). JUVENT® is a safe and gentle solution to help ease joint and knee pain and help improve balance.

Safe and Effective

The JUVENT Platform’s multi-patented technology calibrates to your body’s unique requirements. Its proven Dynamic Motion Therapy™ then sends thousands of low magnitude, gentle pulses through your body. These “waves of relief” deliver over 35,000 pulses in a typical 20 minute session you can do right at home!

12+ years and \$45M in research and development make the JUVENT® Micro-Impact Platform™ a unique, precision device. More than 50 published scientific articles (34 peer-reviewed journals) have shown biomechanical stimulation helps improve balance and helps promote healthy joints and better musculoskeletal health.

Easy and Convenient to Use at Home

Just 20 minutes on the JUVENT® three times a week can help you feel more relaxed, relieved and energized.

Right in the comfort of your own home!

The JUVENT® 1000N Micro Impact Platform™ delivers waves of relief to help ease joint and knee pain.

What Doctors and Users are Saying

“Dynamic Motion Therapy™ is an important tool to improve musculoskeletal health. The unique Juvent® 1000N Micro-Impact Platform™ has helped my patients improve their health and their lives.”

**—W. Andrew Hodge, M.D., Renowned Orthopedic Surgeon and Researcher, Harvard and MIT Trained
Founder of The Institute for Mobility and Longevity**

“From Balance Training, patients with heel/arch pain to others who struggled with post-operative edema a few months out from surgery, the Juvent® Platform has really become a favorite in my clinic”

—Dr. Matt Butler, MPT, DPT, Cped

“I no longer have pain in my knee, my arch pain has improved significantly (some days having absolutely no pain), the pain in my elbow has improved and I am still sleeping like a champ”

—Pia D., Canada

“After having used the Juvent® 5 times for 20 minutes each time, the pain disappeared. This past Monday I saw my doctor to schedule the operation, but as a result of his examination he was totally amazed, and said “I cannot recommend any medical procedure for you at this time”

—Alden L., MA, USA
